The Baltimore Sun is about as good a barometer of public opinion in Maryland and Virginia as the Herald is in New York. These papers are printed for the sole purpose of making money. They have no principles which are not for sale, and being dependent upon the public for the dollars which they covet, they vary their sentiments to suit the fickleness of the masses for whom they cater. From a violent southern paper the Herald has become equally reckless in its advocacy of the other side. The Baltimore Sun has for years been a violent secession paper, and as late as the 22d of April, it declared that there was no alternative but a dissolution of the Union or a long and bloody war. The great obstacle in the way of a peaceful settlement of the question was, according to the Sun, that President Lincoln persisted in the occupancy of the city of Washington. If he would abandon it to the southern confederacy, peace would be the result! But since the 22d, a change has come over the Sun. The people of Baltimore begin to see and feel the consequences of their attack upon the federal troops; it is now said a conservative feeling is gaining ground, and the Sun newspaper veers around to catch the new popular breeze. It now (on the 26th inst.) especially declares that it is not a secession paper. It says that the passage of an ordinance of secession by the legislature, would be an arrogation of power not vested in it, and it favors calling a state convention, the delegates to be elected directly from the people. It also denies the stories of violence to Union men at Baltimore.

Four days have worked a remarkable alteration in the views of the Sun and the tone of its leaders, and we may fairly conclude, as the Sun was never known to be mistaken in courting popular favor, that the people of Maryland have also experienced a change of mind; produced, doubtless, by the determined attitude of the north.

The leaders of the traitorous conspiracy having been foiled in their attempt to take the federal capitol, and popular opinion turning against them in the border states, they will hasten to sing the siren song of compromise, that they may avoid the just punishment for their crimes. But the people of the northwest, and we believe of the whole north, are in no mood for compromise. They will insist, at least, upon an entire and unquestioned submission to the constitution as it is, without alteration, the hanging of the leaders of the rebellion, the surrender of the forts and U. S. property, and a payment on the part of the rebel states, of the expenses of the government in putting down their conspiracy against the Union. Nothing less than this will do, if we stop now.

There is danger that conciliatory sentiments in Virginia and Maryland, at this time, may be in reality insincere and only intended to get time for uninterrupted preparations on the part of the traitors, in their designs upon the capitol. We hope the government will march forward with a vigorous and unhesitating policy of coercion and war, since it has been compelled to take this course by the seceding states, and make Virginia and Maryland the battle ground until they are satisfied to obey the laws of the republic.

LATE REPENTANCE.—Col. Sam Colt has notified the Connecticut State authorities that his revolving arms are for sale, first to the State of Connecticut; next in preference, the government of the United States, and none at all to the South. Col. Hazard announces that he makes no more powder to go to the South, until hostilities have ceased.

We don't know much about Hazard, but this man Colt is an unmitigated dunkey and sneak. He has made all the money he dare risk, by a reasonable sale of his arms to the South, and now that his pecuniary interests are likely to be affected unfavorably, he is ready for a pompous display of his "patriotism!" If he had continued his treasonable trade with the south, his manufactory in Connecticut would have been laid flat on the ground, and he himself would have been obliged to flee to his confederates in the "Confederate States," to save his neck from the suffocating sensations of a tightening rope. He had, probably, another object in view. A true and loyal Congress will assemble in July, and the princely patent on an invention he is believed to have stolen, was in danger of being revoked.

A mean Yankee (of which, thank God, there are very few in the West), is about the meanest thing in creation, and Sam Colt has the list of the men who disgrace New England and her patriotic sons, so far as he can do it.

SOUTHERN ITEMS.—The following beautiful advertisement appears in the Mobile Advertiser:

75,000 COFFEES WANTED.—Proposals will be received to supply the confederacy with 75,000 black coffins.

No proposals will be entertained coming north of Mason & Dixon's Line. Direct to JEFF. DAVIS, Montgomery, Ala.

It is rather significant that the southerners propose to fill their own orders; and they certainly will do so if ever Massachusetts gets at them.

The Louisville Journal properly characterized the conduct of Virginia as "stupidly and shamefully." Will Kentucky imitate the suicidal course of the Old Dominion?

The secession journals of Memphis are proposing the erection of batteries on the river immediately above that city.

The missing Pennsylvania troops left in Baltimore are slowly finding their way back to friends and civilization. Some were confined in the city jail, but afterwards released, and thirty-five others have been wandering in the woods near the Conowingo, but have not yet got home.

EDITORS GAZETTE.—According to promise I proceed to inform you of events occurring in this locality. I am likely to have more "Mocals" than I anticipated when I promised to keep you posted.

Your readers are doubtless aware that there is a strong secession feeling in Egypt. This feeling is more intensely bitter than I had any idea of. Egypt, although it has many true Union men, is a hot-bed of treason, and traitors are as bold and impudent as they are in the entire of Mississippi.

Last week the secessionists held a meeting in this place, when numerous speeches were made—some of which were out-and-out secession, while others were Union men and would stand by the Union as long as there was one; but immediately qualified their speech to the straight-out secessionists by saying they meant what they said, but as there was no longer any Union, they were all for the south.

Resolutions were passed declaring that they will not permit government troops to pass through this place on their way to Cairo—that they would use all endeavors to have the state divided and the southern half join the southern confederacy, and instructing their representative to oppose all measures in the legislature to raise men or money for the use of the government; and in case of not being successful in his opposition, to resign, thereby destroying a quorum; and their plan was upon the ordering of an election in this district for a representative, to elect the same man, who was to perform the same rignarrole, thus preventing any action by the legislature.

On the 21st inst., no morning passenger train reached this place from the north, and secessionism was on the verge to know what it meant. In the evening it was explained by a special train arriving with 1,000 troops on board, on their way to Cairo.

Oh, my eye! but wasn't there a raging in the camp of the Philistines? Such cursing and swearing, and offers to whip any Union man of any size, is seldom heard. One man actually stoned the train, and declared he only wanted half an excuse to whip the first Union man he could meet. One company of the regiment was left at the railroad bridge four miles above this place, as threats had been made to tear it down. When this was known, a company of secessionists was formed to go up and destroy the bridge in spite of the soldiers. Unfortunately for their scheme, another company came up from Cairo with two cannon, and so they did not destroy the bridge.

Last night, at about 6 o'clock, another regiment passed down, and still another during the night. Threats are freely made here to tear up the track, burn the company's buildings, and murder the agents and conductors on the road. There is a report here this morning that the company's machine shop at Centralia was burned to the ground last night.

There is quite a loud talk here by the secessionists of ordering certain Union men to leave the town, and in case of refusal, to hang them. They threaten to burn down the dwellings of the Union men, and in short, we are in daily and nightly dread of an attack from the marauding traitors.

There is one prominent secessionist industriously proclaiming that the black republicans have sent for the soldiers to drive all the democrats out of the country, and he finds good, honest, ignorant men who believe him. Traitors like himself are laboring to make the country people believe that the Union men will burn their houses, destroy their crops, and rob and murder them generally. These and similar means are used to get the ignorant and confiding people to join their party against the government. In truth, unless we receive some assistance from abroad, Union men in Egypt are like to smoke for it before the summer is over. Large numbers are so well convinced of this, that they are removing with their families to safer quarters. I believe if the honest sentiment of the people could be expressed, there would be a large majority of Union men in this county, though I am told to the contrary.

Crops never looked more promising in this section of the country, than they do at present. We have been luxuriating on onions, lettuce, radishes, turnips, etc., for sometime, and I have my mouth all made up for a mess of green peas next week.

May God speed the work of crushing out traitors and treason from this beautiful land. It should be the home only of patriots and freemen.

Such is the wish of TYPO.

CARBONDALE, April 26.
EDITORS GAZETTE.—The report of yesterday morning of the fire in Centralia is confirmed, with the exception that instead of being the machine shop it was a carpenter's shop and another building. Loss, \$25,000. It is said to be the work of secessionists.

There is a great change taking place in public sentiment here. People begin to understand the matter in its true light. The day before yesterday a large number of people came into town from this and adjoining counties, bringing their double-barreled shot guns, rifles and pistols, fully impressed with the belief that an attempt was being made by the republicans to drive all the democrats from the country. At night a meeting was held, and addressed by some of the leading democrats, when the case was fairly stated and many went away fully satisfied, declaring that they would stand by the Union, and none were half so enthusiastic in the cause of secession as when they arrived. Oil was thrown upon the troubled waters, and we hope a great deal from the good effect produced. Thus, let the people understand the trouble, and they will seldom act wrong.

It is said here that Judge Douglas is to pass through this section and address the people. I hope this is true, for the people here will believe and act upon what he says. Yesterday a detachment of the regular army passed by on their way to Cairo.

It is fully believed that an attack will be made on Cairo. Yesterday the Mayor ordered the women and children to leave the town, and last night three, and this morning four car loads passed up from there.

The troops at Cairo yesterday took possession of the telegraph office, and a quantity of arms and powder which were to be shipped south.

Yours, TYPO.

It is said that the 3d regiment will probably soon be ordered out.

A company at Jefferson, Capt. A. H. Van Norstrand, is reported as full.

Commissions issued to B. V. White, M. D., of Prairie du Chien, as surgeon, and L. J. Dixon, M. D., of Madison, as surgeon's mate in 1st regiment Wisconsin active militia, with orders to report to Col. Starkweather immediately.

Orders have been sent to commandants of the following companies to contract for quarters and board for non-resident volunteers at \$2.50 per week, for two weeks, to wit: Neenah Guards, Waupun Light Guard, Watertown Riflemen and second company from Grant county.

The Governor is making arrangements for employing about thirty convicts of the State Prison in making uniforms for the soldiers. A style of uniform for the troops generally, was to have been agreed upon yesterday.

WHIPPING A TRAITOR.—One of the Grant county volunteers at Boscobel encountered a Tory resident of that place, who expressed his horror of the patriotic feeling which actuated the volunteers, and hoped that he (the volunteer) might be the first victim of a southern foe. The volunteer coolly stopped back, and taking off his coat, remarked that he "had enlisted to whip traitors, and he might as well begin at once," and without further ceremony gave the fellow a sound thrashing.

BADGER BOYS IN SERVICE AT WASHINGTON.—The following are among the citizens of Wisconsin enrolled in Cassin's M. Clay's company, at Washington, entitled "the Strangers' Guard": Hon. Luther Hanchett, Hon. John E. Potter, Gen. Rufus King, E. W. Keyes, T. J. Townsend and George R. Andrews of Oshkosh, George M. O'Brien and J. E. Vinton of Green county, Henry Martin and Sellick of Milwaukee, Geo. B. Holden and W. T. Atwood of Madison, Norman Eastman and Edwin Bicknell of LaCrosse, A. B. Jackson and E. A. Ryan of Appleton, Charles Roesser of Manitowish, and Amos Reed, of Fond du Lac.

LADY VOLUNTEERS.—Three ladies, recently teachers in the Milwaukee public schools, have tendered their services as nurses of the Wisconsin Volunteers. All honor to their noble hearts.

Col. Forney writes to his Press as follows: "Mr. Lincoln is equal to the occasion. He displays much of the Jackson spirit in his quick decision and unwavering firmness. Those who expect to find him unnerfed will be disappointed. With the aid and cooperation of a united cabinet, Mr. Lincoln has a plain duty before him, and that duty he is prepared to meet and discharge, without halt or hesitation. His capacity for the emergency will be recorded in indelible characters in the future history of our country."

The Illinois troops which were at Muddy Creek near Carbonade, Ill., to protect the railroad bridge have gone to Cairo.

A member of the cabinet writes to a friend in New York: We intend to test the power of the government to protect itself against treason, and if the people will sustain us, we will crush out this rebellion. The New York Times claims that the largest meeting, without exception, that was ever held on this continent, and the most enthusiastic.

There was a large and enthusiastic Union meeting at Jefferson City, Mo., on Wednesday night.

Four thousand people have left Memphis for the north.

A gentleman arrived at Cincinnati from New Orleans on the 24th, says that the greatest exertions are being made there to secure volunteers. A bounty of twenty dollars was offered, and two dollars extra to any person securing a recruit. Women and children were paring into the city from the interior to avoid the apprehended danger of slave insurrections.

The Montgomery Mail says that the service of a company of negroes have been offered to the governor of Alabama. If the south will accept such soldiers, we suppose they cannot object if the north does the same thing.

Gen. Harney has been ordered to Washington.

The New Orleans Picayune is especially indignant at the insolence of the proclamation of the military dictator at Washington who commands the people "of those states which have embraced the cause of southern independence, as vulgar disturbers of the peace, to disperse within twenty days."

The Warrington Mail of the 15th, says that nine ships are off Pickens, and that 900 men had been landed.

The Maine legislature, on motion of a leading democrat, has pledged, by a unanimous vote, the entire resources of the state, to the support of the government. Ten regiments are to be immediately raised, and a million of dollars appropriated for war expenses.

A regiment of volunteers left Toledo for Cleveland on the 25th.

Twenty-five hundred Union men are under arms at Wheeling, Va.

The secessionists have planted a battery at Harper's Ferry, and examine all railroad trains.

A gentleman asked one of the Massachusetts volunteers in New York how many were going from that state. "How many?" was the reply, "We are all a-going."

The Brookertown and Stockbridge Indians, in Fond du Lac and Calumet counties, are very desirous of doing service for the country. Two hundred could be enrolled, cargoes.

Special Notice

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

New York, April 26.
The following despatch was received by Postmaster Taylor this morning:

The route to Washington, via Annapolis, is now open and we shall despatch a train from here daily at 11:30 a. m., and a line will be started daily from Annapolis to connect with our line up, which will arrive here at 9:30 a. m. The mails can be taken by this route. (Signed.)

S. M. FELLON,
Pres't Phil. Will. & Balt. R. R.
Philadelphia, April 26.

A private letter from Baltimore says the city is quiet again, that troops arrived from Annapolis and go to Washington without interference, and that there seems to be no desire or intention to interfere with the conservative sentiment is predominant again, and that all feel more hopeful of peace to day.

CHICAGO, April 26.
Twenty-one thousand stand of arms were removed from the arsenal at St. Louis last night, and taken to Springfield in this state.

BUFFALO, April 26.
The sum of one hundred and ten thousand dollars has been raised in this city for military purposes.

PERRYVILLE, Md., April 27.
The Baltimore Sun says a train started for Washington yesterday afternoon. When it reached Annapolis Junction finding federal troops there lining the road, they put back, apprehending seizure. Six hundred volunteers are in Richmond ready for service.

A street battle is being fought at Yorktown and another three miles above Richmond. The steamer Jamestown has been fitted up at Richmond for war purposes. Four hundred troops are at Harper's Ferry, and 3500 at Norfolk. There will be 2500 volunteers at Richmond by the close of the week. The steamer Anne J. Russell with wheat at Richmond, for Massachusetts port, has been seized. The Massachusetts troops at Harper's Ferry have been ordered to some other point, supposed to be near the capitol.

HARRISBURG, April 27.
Gen. Scott assured a gentleman yesterday that Washington was safe against all present attacks. Our informant confirms the arrival of three New York and the 8th Massachusetts regiments.

NEW YORK, April 26.
Steamer Yankee sailed to-day with sealed orders, rigged with two broadside guns, and four flying artillery.

The frigate Constitution sailed to Annapolis Thursday evening with the muzzles of the naval academy.

The Key Stone State reports no armaments along the Potomac. No cannon on the banks as reported. The frigate Cumberland and other vessels are at Fort Monroe.

HARRISBURG, April 26.
It is reported that an attack was made by Maryland on Hanover village, York Co., on Tuesday, and that a great stampede of negroes. Reliable accounts say that whole families are crossing into this State. Report places the total loss of slaves by Maryland since troubles began at 500. Great fears are entertained in the border counties of Maryland of the departure of the entire slave population.

CAIRO, April 26.
The steamer C. Hillman, from St. Louis to Nashville, was abandoned by the officers and crew opposite this place to-day.

A schooner loaded with provisions for Savannah was seized by the police in Delaware river this afternoon. Twenty thousand men are now drilling in Philadelphia.

RICHMOND, Va., April 23.
It is reported here that a despatch was received by Gov. Letcher from Mr. Cameron the secretary of war at Washington, inquiring whether if he came to Richmond he would be protected. His purpose being to ask for an armistice for sixty days.

HARRISBURG, Pa., April 26.
Gov. Hicks and most of the members of the eastern section of the state started for Frederick this morning. The legislature meets at noon. The governor's message will be sent in to-morrow, and an advance copy will be forwarded if possible. The indications here are a reaction in public sentiment. Union men appear to be more hopeful. Bush river bridge was fired last evening and totally destroyed.

A passenger says that Gen. Harney was taken prisoner at Harper's Ferry by a detachment of Virginia troops this a. m. Gen. Harney left Wheeling for the purpose of reporting himself at Washington, before the train reached Harper's Ferry it was stopped and a number of troops mounted the platform, and Gen. H. being pointed out he was immediately taken into custody. He was in citizen's dress, and treated very courteously. There is no doubt that as soon as the executive of Virginia is made acquainted with the fact Gen. H. will be released as was the case with an officer of the U. S. army, who was seized a few days since in Richmond.

In the western section of Baltimore, a number of American flags were raised this morning.

The steamer Louisiana arrived this morning from Norfolk with the U. S. mail. No news of an exciting character. The fortifications on the coast of Virginia, especially the approaches to Norfolk and Portsmouth, were advancing rapidly. Particularly was this the case at Fort Norfolk, Canby Island and Navy hospitals. The obstructions named, though vessels drawing from 8 to 18 feet of water passed freely in and out. Efforts were making to raise the steam frigate Merrimack, sloop-of-war, and another vessel which it is thought would prove successful.

CHAMBERSBURG, Pa., April 27.
Passengers for Washington report a sudden and most wonderful change in the sentiment of Marylanders and Virginia. It is believed that the members of the secessionary party are being made for the Union demonstrations. The election next week for representatives will result tremendously for Lewis P. Ferry, a Union man. Allegheny county has instructed its representatives that if they vote for seceding they will be hung on their return home. The stars and stripes are waving all over Frederick City. The Home Guard refuse to be taken unless under the stars and stripes and the flag of the Yankee Doodle. At the Clear Spring Hotel, the stars and stripes were waving and the miners have sworn to resist secession till death. At this time next week no sympathizers with southern traitors will dare express their sentiments at Hagerstown, Frederick or Cumberland. Another reports the east counties except Worcester are Union to the core. The Unionists will raise a military corps in Hagerstown at once.

NEW YORK, April 26.
The steamer Maryland arrived at Annapolis on Thursday morning with naval officers and men, and a good supply of guns to fortify Annapolis. She passed Thursday afternoon the steamer DeSoto, which took aboard the crews of the small boats. They were crews of captured light ships, or Union men fleeing for their lives from Virginia. The lights on Capes Henry and Charles were extinguished, and the light ship removed from its station at the mouth of the Potomac. The officers of the Columbia fear the Pawnee has been taken. The fears are probably unfounded.

Gen. Grant just returned from the south says that no vessels are permitted to leave the port of Wilmington, N. C., and the loaded have been obliged to discharge their cargoes.

The commander of Fort Casswell, at the mouth of Cape Fear, N. C., would not permit any vessels to pass the fort, although no seizures of vessels had been made.

PERRYVILLE, April 26.
Gentlemen who arrived here say that the stars and stripes are floating over the hall of the minute men and on Butcher's Hill, in Baltimore.

NEW YORK, April 26.
The government has chartered several more steamers. Senator Wilson is commissioned by the government to obtain large guns for the defense of Annapolis, and two additional regiments from Massachusetts.

The Mexican congress was to have met on the 21st. Juarez was doubtless declared President.

Houston (Texas) advises say a courier had arrived from Indianapolis, stating that the Federal troops were encamped at Green Lake to take Indianapolis, and had commenced fortifying themselves. The troops numbered 600, and 600 additional men are expected to arrive from San Antonio.

Judge Hays with a party of Texans and two pieces of artillery, was fortifying himself with cotton bales and sand bags on Dog Island, as he feared an attack from Federal troops.

Special despatch to the Chicago Tribune.
NEW YORK, April 27.
Two steamers dropped down to the arsenal at St. Louis yesterday afternoon, and received on board twenty-one thousand stand of arms, including ten cannon and one hundred and ten thousand cartridges. The transfer was made by daylight, and inquisitive persons were told that they were for the troops at Cairo. The secessionists at Cairo telegraphed or sent messengers to St. Louis, to have the boats stopped at all hazards. When the boats were loaded, they moved leisurely down the river. Three hundred regulars were placed on board, and the artillery was so ranged as to command both banks of the river. About midnight they landed and came up to Alton, where their cargoes were loaded in freight cars. They arrived at the depot in this city at half past one o'clock to-day. They are now being removed to the state arsenal. A communication from the governor to the legislature announcing their coming was received with loud shouts by the members.

Col. Prentice, at Cairo, last night, brought to a couple of steamboats loaded with powder and lead, en route from St. Louis to Nashville. A collision at that place may be expected at any day, or indeed at any hour.

BOSTON, April 26.
The Boston Commercial Bulletin's list of the business changes gives sixteen changes and suspensions in New York, twelve in Boston, and nineteen in other places, being a total of 47 during the week.

PHILADELPHIA, April 26.
Senator Mason is in this city; says he came to settle the estate of his relatives. A secret vigilance committee is watching him closely. The populace is not aware of his presence or they would undoubtedly mob him.

A despatch from Baltimore stating that the Union feeling had revived in that city to-day, cannot be relied on. There is but one feeling in Baltimore, viz: hostility to the Union.

The schooner Kera Roche of N. Y., is reported seized by the secessionists on James river, and converted into a war vessel.

Commander Floyd B. Newell, U. S. N., shot himself yesterday at the Merchant's Hotel.

A schooner loaded with provisions for Savannah was seized by the police in Delaware river this afternoon. Twenty thousand men are now drilling in Philadelphia.

RICHMOND, Va., April 23.
It is reported here that a despatch was received by Gov. Letcher from Mr. Cameron the secretary of war at Washington, inquiring whether if he came to Richmond he would be protected. His purpose being to ask for an armistice for sixty days.

Gov. Hicks and most of the members of the eastern section of the state started for Frederick this morning. The legislature meets at noon. The governor's message will be sent in to-morrow, and an advance copy will be forwarded if possible. The indications here are a reaction in public sentiment. Union men appear to be more hopeful. Bush river bridge was fired last evening and totally destroyed.

A passenger says that Gen. Harney was taken prisoner at Harper's Ferry by a detachment of Virginia troops this a. m. Gen. Harney left Wheeling for the purpose of reporting himself at Washington, before the train reached Harper's Ferry it was stopped and a number of troops mounted the platform, and Gen. H. being pointed out he was immediately taken into custody. He was in citizen's dress, and treated very courteously. There is no doubt that as soon as the executive of Virginia is made acquainted with the fact Gen. H. will be released as was the case with an officer of the U. S. army, who was seized a few days since in Richmond.

In the western section of Baltimore, a number of American flags were raised this morning.

The steamer Louisiana arrived this morning from Norfolk with the U. S. mail. No news of an exciting character. The fortifications on the coast of Virginia, especially the approaches to Norfolk and Portsmouth, were advancing rapidly. Particularly was this the case at Fort Norfolk, Canby Island and Navy hospitals. The obstructions named, though vessels drawing from 8 to 18 feet of water passed freely in and out. Efforts were making to raise the steam frigate Merrimack, sloop-of-war, and another vessel which it is thought would prove successful.

CHAMBERSBURG, Pa., April 27.
Passengers for Washington report a sudden and most wonderful change in the sentiment of Marylanders and Virginia. It is believed that the members of the secessionary party are being made for the Union demonstrations. The election next week for representatives will result tremendously for Lewis P. Ferry, a Union man. Allegheny county has instructed its representatives that if they vote for seceding they will be hung on their return home. The stars and stripes are waving all over Frederick City. The Home Guard refuse to be taken unless under the stars and stripes and the flag of the Yankee Doodle. At the Clear Spring Hotel, the stars and stripes were waving and the miners have sworn to resist secession till death. At this time next week no sympathizers with southern traitors will dare express their sentiments at Hagerstown, Frederick or Cumberland. Another reports the east counties except Worcester are Union to the core. The Unionists will raise a military corps in Hagerstown at once.

NEW YORK, April 26.
The steamer Maryland arrived at Annapolis on Thursday morning with naval officers and men, and a good supply of guns to fortify Annapolis. She passed Thursday afternoon the steamer DeSoto, which took aboard the crews of the small boats. They were crews of captured light ships, or Union men fleeing for their lives from Virginia. The lights on Capes Henry and Charles were extinguished, and the light ship removed from its station at the mouth of the Potomac. The officers of the Columbia fear the Pawnee has been taken. The fears are probably unfounded.

Gen. Grant just returned from the south says that no vessels are permitted to leave the port of Wilmington, N. C., and the loaded have been obliged to discharge their cargoes.

The commander of Fort Casswell, at the mouth of Cape Fear, N. C., would not permit any vessels to pass the fort, although no seizures of vessels had been made.

PERRYVILLE, April 26.
Gentlemen who arrived here say that the stars and stripes are floating over the hall of the minute men and on Butcher's Hill, in Baltimore.

NEW YORK, April 26.
The government has chartered several more steamers. Senator Wilson is commissioned by the government to obtain large guns for the defense of Annapolis, and two additional regiments from Massachusetts.

NEW ORLEANS, April 26.
The Tennessee from Vera Cruz, the 22d inst., has arrived. There has been another ministerial crisis.

The Spanish bark Concepcion, which was declared a good prize, has been condemned.

Gold mines of fabulous extent are reported to have been discovered on the Isthmus of Tehantepec.

The Mexican congress was to have met on the 21st. Juarez was doubtless declared President.

Houston (Texas) advises say a courier had arrived from Indianapolis, stating that the Federal troops were encamped at Green Lake to take Indianapolis, and had commenced fortifying themselves. The troops numbered 600, and 600 additional men are expected to arrive from San Antonio.

Judge Hays with a party of Texans and two pieces of artillery, was fortifying himself with cotton bales and sand bags on Dog Island, as he feared an attack from Federal troops.

Special despatch to the Chicago Tribune.
NEW YORK, April 27.
Two steamers dropped down to the arsenal at St. Louis yesterday afternoon, and received on board twenty-one thousand stand of arms, including ten cannon and one hundred and ten thousand cartridges. The transfer was made by daylight, and inquisitive persons were told that they were for the troops at Cairo. The secessionists at Cairo telegraphed or sent messengers to St. Louis, to have the boats stopped at all hazards. When the boats were loaded, they moved leisurely down the river. Three hundred regulars were placed on board, and the artillery was so ranged as to command both banks of the river. About midnight they landed and came up to Alton, where their cargoes were loaded in freight cars. They arrived at the depot in this city at half past one o'clock to-day. They are now being removed to the state arsenal. A communication from the governor to the legislature announcing their coming was received with loud shouts by the members.

Col. Prentice, at Cairo, last night, brought to a couple of steamboats loaded with powder and lead, en route from St. Louis to Nashville. A collision at that place may be expected at any day, or indeed at any hour.

To-Day's Report.
(Reported Exclusively for the Daily Gazette.)
BOSTON, April 26.
The Boston Commercial Bulletin's list of the business changes gives sixteen changes and suspensions in New York, twelve in Boston, and nineteen in other places, being a total of 47 during the week.

PHILADELPHIA, April 26.
Senator Mason is in this city; says he came to settle the estate of his relatives. A secret vigilance committee is watching him closely. The populace is not aware of his presence or they would undoubtedly mob him.

A despatch from Baltimore stating that the Union feeling had revived in that city to-day, cannot be relied on. There is but one feeling in Baltimore, viz: hostility to the Union.

The schooner Kera Roche of N. Y., is reported seized by the secessionists on James river, and converted into a war vessel.

Meeting of the Relief Subscribers.

The meeting of the subscribers to the relief fund last evening adjourned to Monday evening. The proposition before the meeting, which will be decided Monday evening, was to make provision for the encampment and support of a body of volunteers. The object of this encampment is to advance the volunteers in the drill and discipline necessary to efficient service, and hold them in readiness for any sudden emergency which may arise. We hope this meeting will be attended by every subscriber to the fund, and by our citizens generally, so that whatever course is adopted, or whatever arrangements may be made, may have a united support.

Rev. Mr. Goodspeed will preach on the War, to-morrow evening at the Baptist church.

The subject of the sermon at the Methodist Episcopal church to-morrow evening is, "God in the nation."

Religious Notice.—Rev. I. Coddington, of Ill., will preach on Sunday afternoon at 2½ o'clock, at the court room, in this city, and at half-past 7 o'clock in the evening, at the same place. Subject for the afternoon, "The test of christian discipleship"; in the evening, "Christianity a rational religion."

Christ Church School.

The second quarter of this school will commence on Wednesday, May 8th, 1861, at 9 o'clock A. M. Terms, \$3.00 for common English branches, being those usually taught in the Grammar Department of the public schools and \$5.00 for higher branches, invariable in advance.

H. W. SPALDING.

Meeting for Drill.—The National Guards will meet at the Court Room, on Tuesday evening next, for drill. Let every member be present.

E. D. TALLMAN, IRA JUSTIN, Jr.

April 26th, 1861.

Scotch Greys.—The Milwaukee Sentinel makes the following notice of the "Scotch Greys" of this county: "We see it noticed that a company of 'Scotch Greys,' all of the men five feet ten inches high, and all to ride grey horses, is to be enrolled at Janesville, Wis. We hope that Jeff. Davis will be compelled to make the same remark about the Wisconsin Scotch Greys during a charge at Waterloo! 'Tenez vous les chevaux gris ils sont terribles!'"

Another Janesville Man.—Dr. T. E. St. John, formerly of this city, is now the chaplain of the Massachusetts regiment stationed at Fort Monroe.

Drill Room.—F. A. Wheeler has tendered to the Light Guard the use of the large room, in his woolen factory as a drill room.

Town of Janesville.

There will be a meeting of the citizens of the town of Janesville, at the Rock River House, on Wednesday, the 1st day of May, for the purpose of appointing a town committee to take such action in relation to the volunteer relief fund of said town as may be considered expedient.

A. W. POPE,

of the County Committee.

Janesville, April 26, 1861.

The Atlas Discontinued.—We regret to be obliged to announce the stoppage of the Milwaukee Atlas, the German republican paper in that city. Mr. Domschke has labored hard in his avocation, and we had hoped that he would meet with abundant remuneration for his services; but the pressure of the times has proved too much.

The Longest Range Guns in the World.—The big gun at Fort Monroe has been newly named—originally Floy, since the defection of that precious Virginian, is known as Big Thunder. Big Thunder has a pivotal arrangement, and a six mile range, two features worthy of consideration by the 10,000 F. E. Ys, who propose to take the fortress. The only point eligible for a confederate battery is on Sewall's Point, some two or three miles distant; but the temerity that plants a shovel within a much longer range than that, cannot be long lived. These guns are cast at Pittsburgh, and are mounted in size and power.

Vessels Not Allowed to Sail Between Sunset and Sunrise.—By order issued from Washington by Collector Barney of New York, Monday, masters and owners are notified that until further orders, no vessels will be allowed to leave port between sunset and sunrise. A watch will be kept from the forts in the narrows, and also in the sound, to prevent egress at unlawful hours. Every agency is strictly guarded.

Handsomeness Offered.—The Buffalo Commercial says: "We are authorized by G. W. Tift, of the firm of George W. Tift, Sons & Co., to say that he will agree to deliver to the United States government, for the purpose of the pending conflict, five thousand tons of shells or cannon, subject to order, either at his manufactory in this city, or at his works near Pittsburgh, Penn., the same to be paid for at the convenience of the government."

From the Daily Wisconsin of Friday, April 26th.

Counsel to our Volunteers.

TO OUR YOUNG SOLDIERS.

1. Remember that in a campaign more men die from sickness than by the bullet.
2. Line your blanket with one thickness of brown drilling. This adds but four ounces in weight and double the warmth.
3. Buy a small India rubber blanket (cost, \$1.50) to lay on the ground or to throw over your shoulders when on guard duty during a rain storm. Most of the eastern troops are provided with these. Straw to lie upon is not always to be had.
4. The best military hat in use is the light colored soft felt; the crown being sufficiently high to allow space for air over the brain. You can fasten it up as a continental in fair weather, or turn it down when it is wet or very sunny.
5. Let your beard grow, so as to protect the throat and lungs.
6. Keep your entire person clean; this prevents fevers and bowel complaints in warm climates. Wash your body each day if possible, only once, with soap and only once. General Scott says that the free use of these (together with neglect in keeping the skin clean) cost many a soldier his life in Mexico.
7. A sudden check of perspiration by chilly or night air often causes fever and death. When thus exposed do not forget your blanket.

How A SOLDIER KEEPS HIS WORD OF HONOR.—It is refreshing in this day, when Twigs and Beauregard, and Hamilton, among warriors, and Wigfall and Breckinridge among senators, turn to allegiance are recant to their cathars, to read the narrative of the old soldier, Peter Hart, who was in Fort Sumter during the siege. The story carries its own moral, and needs no word of comment.

Hart was an old soldier under Anderson in Mexico. When Mrs. Anderson visited Fort Sumter, Hart accompanied her, by permission of the Confederate authorities, to give his parole not to fight, should he conclude to remain in the garrison. When the bombardment commenced, the soldier mounted the parapet wall, and shouted to the men:

"Now, fire away, boys; I can't fight without breaking a soldier's word, but I'll tell you where your shots strike, and where to look for danger."

This conspicuously a mark during the whole two days' bombardment, Hart left the parapet only once, and that was to climb the flagstaff to nail the colors to the peak, after the ladders had been shot away.

Where the War Strength Lies—Look at the Figures.

When Jeff Davis blusters about calling out 150,000 men, of taking the federal capital and unfurling the rattlesnake banner over Faneuil Hall, it is well to turn to the census table. Without such a reference the absurdity of this gasconade can hardly be appreciated; without it we can hardly realize the strength and majesty of a united north.

The white population of those states which have responded to the call of the president, is as follows:

New York	3,887,000	Maryland	699,000
Pennsylvania	2,990,000	Connecticut	460,000
Illinois	2,111,000	Vermont	215,000
Indiana	1,340,000	New Hampshire	215,000
Massachusetts	1,231,000	Rhode Island	174,000
Michigan	1,149,000	Minnesota	124,000
Wisconsin	775,000	Delaware	110,000
New Jersey	612,000	Kansas	107,000
Iowa	674,000		
Total	19,176,000		

White population of those states which have declined to respond to the president's call, as follows:

Virginia	1,105,000	North Carolina	861,000
Missouri	1,068,000	California	299,000
Texas	820,000	Arkansas	284,000
Tennessee	824,000	Oregon	52,000
Total	6,514,000		

White population of the confederate states, as follows:

Georgia	665,000	Mississippi	354,000
Alabama	529,000	South Carolina	500,000
Louisiana	529,000	Florida	78,000
Total	3,757,000		

If we divide these totals by seven, the proportion of voters to the population, it would show the relative war strength of the three divisions of states as follows:

Free State voters	2,740,000
Border State voters	752,000
Seceded State voters	278,000

Thus at a glance it will be seen where the advantage is, and what the chances of even a consolidated south are as against a consolidated north.

A NEW COUNTRY OFFER.—M. M. Samuel of the Indian Fur Depot at St. Croix, Polk county, writes to Gov. Randall that he has at his command 500 barrels of the Chippewa tribe, and he offers his own and their services in the conflict with the south. He has lived among the Chippewas for 25 years and wishes to serve in the cause of the Union against treason. He has made the same offer to the president of the United States—*Millionaire*.

ONE HUNDRED MILLIONS OF DOLLARS.—The New York World estimates that more than one hundred millions of dollars have been tendered to the United States government for its support in the present emergency. This single fact will set the redoubtable Jeff. thinking. A people so rich in the sinews of war cannot be overcome by a set of moneyless rebels, whose very organization is founded in disorganization.

FROM CAIRO.—We learn from a gentleman who left Cairo last night, that among the prizes seized about one of the enemy's steamers, were about five hundred Zouave caps, which our boys appropriated to their own individual use double quick time, the "seedy times" which previously constituted their head-gear going into the river in a jiffy. He also informs us that the Camp will prove nearly a self-sustaining institution, and would entirely so, if provisions were counted contraband as well as arms and ammunition.—*Chicago Tribune* of the 27th.

Let the Flag Float.

THE FIAT HAS GONE FORTH.

BEN. BORNHEIM

Has been to the East, "the place of light," and purchased the finest stock of SPRING GOODS ever brought to this market. They are now in his EMPORIUM, No. 4, Myers' New Block, where he invites the public to visit him; and if he will convince them, beyond question, that in his establishment there has been a

Wonderful Secession from the prices at which goods in this line in other establishments have been heretofore sold in this market.

HIS STOCK OF GENT'S FURNISHING GOODS! cannot be surpassed in the west, while his READY-MADE CLOTHING, consisting of the very best variety of

Cloth Coats, Cassimere Coats, Pants, Vests, &c., can't be beaten any where and selling under the brand

FLAG OF THE UNION, he bids defiance to all competition from those LITTLE ESTABLISHMENTS who are forced to adopt the

PALMETTO BANNER in their inability to keep pace with him; while in his Low Prices and Good Goods he holds the course alone.

HIS CUSTOM DEPARTMENT is made up of the most carefully selected and cheaply purchased

Cloths, Cassimere and Vestings, comprising a very large stock, which he is Bound to Sell at a Cheaper Figure than any other establishment in the city. In addition to this he has also brought in a splendid lot of

Hats and Caps, which need only to be seen to recommend themselves, ranging so low in price that even the miserly

MUST SAY THEY ARE CHEAP. Do You Want a Suit of Clothes? If you want them to fit superbly! Ben. Bornheim's IS THE PLACE to find them; for his cutter,

MR. R. ROSS, as everybody knows, is a gentleman of acknowledged taste and skill.

REMEMBER THE PLACE! Myers' New Block, No. 4. Come, your interests will be served, and when you find

ALL THESE THINGS TRUE you will come again. BEN. BORNHEIM.

YOUNG AMERICA Leads the Van.

FOR NINE LONG YEARS its proprietor MOSES HARSH, has kept the "OLD FLAG" of the Original Young America Clothing House in this city, and yet untinged by time, that same old flag

FLOATED MORE PROUDLY than now, over the LARGEST, BEST AND CHEAPEST CLOTHING ESTABLISHMENT in the city of Janesville. His Stock of

SPRING & SUMMER CLOTHING just brought on from the East, and purchased on THE CHEAPEST TERMS, CANNOT BE SURPASSED in the West. His place of business, as everybody knows, is in

MYERS' OLD BLOCK, known as the YOUNG AMERICA CLOTHING HOUSE, On Main Street, where he astonishes the People by offering, in

His Custom Department, for their purchase, the best of Cloths, Cassimere, Vestings, &c., at the very

Lowest Prices. In saying this he does not mean it necessary to "dilute" our "Palmetto Banner" and "Fidele Union," and "Wonderful Secessions" and all that kind of stuff, but keeping steadily on the

Broad Gauge, he defies ALL COMPETITION from all other establishments, little as they may be, or big as they pretend to be. His

Gent's Furnishing Department, consisting of Shirts, Stocks, Handkerchiefs, Under Shirts, &c., will be found to comprise all that any gentleman may want; while in his

Merchant Tailoring Department with an accomplished and skillful cutter, MR. H. F. TREAT, as can be found in the state, he can clothe any gentleman with as neat and tasty a

SUIT OF CLOTHES as can be procured either in the east or in the west. If you want cheap clothing, without any "humbug,"

YOUNG AMERICA is the place to find it, and then after you have got your entire suit, you will find the very best assortment of

HATS AND CAPS from which to select and fit yourself out as the Best Dressed Gentleman in the city of Janesville.

ALL THESE THINGS ARE SO. Let others blow their RAMS HORNS and Tin Whistles till "their cheeks do crack," still to Cheapness, Variety, Durability and Quality of Clothing, Young America is BOUND TO KEEP AHEAD.

Moses Harsh, proprietor of Original Young America Clothing House, Main Street, Janesville, Wis.
